Six plays different characters in each of these films, but The Whistler (a relatively minor role) is consistently played by Otto Forrester

White stars as 'Tex'

Character of Manning returns, this time played by Dean Parkin

Six plays different characters in each of these films, but The Whistler (a relatively minor role) is consistently played by Otto Forrester

This is actually a remake of a 1933 film, also starring Red Skelton as 'The Fox'

Clearly a conceptual sequel: no characters or plot lines through

Mehler plays the Dinno role played by Divott

Wrobel plays a character that has featured in all Witchcraft movies
